By MISS KATHLEEN GRAHAM

3--After the fancy dress
ball

4--Cheaters Cheated

Performance starts at 7:30 o'clock
sharp. Come in anytime and see
the entire show.

Laurel Street

Demented Woman a Suicide.

New York, Nov. 9.—Crazed by the death of her mother, to whom she was devoted, Miss Helen Schwab, twenty-three years old, drank the contents of a half pint bottle of poison, and then cast herself from the roof of the seven-story apartment house where she lived. She was almost instantly killed.

Dying of Cancer.

Rome, Nov. 9.—Emanuel Gianlucio, the Italian minister of public works, is dying of cancer, and the pope sends inquiries daily as to his condition. These inquiries are the first example of solicitude from the papacy toward a minister of the king since the fall of the church from temporal power.

COUNTERFEITER ARRESTED

Alleged Canadian Criminal Apprehended in St. Paul.

St. Paul, Nov. 9.—What apparently was one of the boldest counterfeiting games ever attempted in the Northwest was nipped in the bud when Secret Service Agent Thomas R. McManus walked into a room in the Union block, Fourth and Cedar streets, and arrested a man supposed to be Ernest R. Workman of Winnipeg and secured \$20,000 of counterfeit money.

In Workman's suitcase were found 1,000 \$20 gold certificates. The certificates had not been quite finished. Only a few minor details were lacking, and the counterfeiters could have been passed upon many people in the condition that the officers found them.

Workman was taken before Court Commissioner Charles L. Spencer, pleaded not guilty, and being unable to put up \$5,000 bail he was taken to jail, and he will be arraigned in the federal court before Commissioner Spencer upon the charge of counterfeiting.

BIG FIRE AT SUPERIOR

Property Loss Exceeds Two Million Dollars.

LARGE ELEVATOR IS BURNED

Six Hundred Thousand Bushels of Grain and Other Property Go Up in Smoke—One Man Believed to Have Perished.

Duluth, Nov. 9.—Fire of an unknown origin caused the destruction of Great Northern elevator "A" in Superior, together with 600,000 bushels of grain, principally wheat, all of which was fully covered by insurance. The elevator was owned by the Great Northern railroad, but was leased to the A. D. Thomson Grain company of Duluth. The sparks soon ignited the Grand Republic mill on Tower bay slip, the Great Lakes Dredge and Dock company dock and the Duluth-Superior Storage company, which contained the finishing plant of the Webster Chair company.

The fire started at the southwest corner of the elevator "A" dock and before it was noticed had communicated to the elevator. An alarm was turned in and four fire tugs responded, but owing to the intense heat they were driven out of the slip and devoted all their energies to saving the adjoining property.

The steamers W. A. Parent and W. A. Rogers were in the elevator "A" slip loading wheat. The steamers Utica, Alva and Chili were on the opposite side of the slip at a merchandise dock and were pulled out by tugs to save them from destruction.

The Globe elevator, owned by the Peavey company, was on fire and for a time it looked as though it would go, but the firemen succeeded in extinguishing the flames. The blaze also spread to the sawmill property of the Peyton, Kimball & Barber company, but this likewise was extinguished before any serious damage was done.

Property Loss Very Heavy.

The fire seems to be under control, although still burning fiercely in some of the doomed structures. The combined departments of Duluth and Superior are combatting the conflagration. The property destroyed is as follows:

One Great Northern elevator, Minnesota flour mill and elevator, Freeman mill and elevator, Grand Republic mill and elevator, Commander mill and elevator, twenty dwellings and several small warehouses lining the bay front. It is estimated that the damage will reach \$2,500,000.

Some of the flour mills were not operating, but their elevators held small stores of grain. The Great Northern grain houses held the usual amounts for this time of the lake shipping season.

Three dredges belonging to the Great Lakes company caught fire from flying embers and were soon destroyed. The flames next leaped to the Minkota mill and elevator which went up in smoke like so much tinder. The St. Paul and Western coal dock property was next attacked, but the firemen succeeded in extinguishing the flames before much damage was done. Dwellings a quarter of a mile distant became ignited and in many instances the occupants had narrow escapes. Household goods were hurried into the streets, only to be licked up the flames before they could be removed to a place of safety.

One man who entered the Duluth-Superior Storage company's plant to rescue a tool chest has not been seen again and it is feared he has perished.

The shipyards are safe, although the flames destroyed the office building and for a time threatened the plant.

MINERS MAY STRIKE.

Will Go Out Unless Wage Reduction Is Rescinded.

Calumet, Mich., Nov. 9.—The copper miners in the employ of the Calumet and Hecla Mining company have issued an ultimatum to the management that the employees of the company will strike next Monday unless the management rescinds the wage reduction of 12½ per cent which was recently announced would take effect Dec. 1. About 8,000 men are involved. Because of threats of personal violence against General Manager McNaughton of the Calumet and Hecla, Sheriff Beck is said to be arranging for the swearing in of 500 special deputies to be available in case they are needed.

Since the Calumet and Hecla announced a wage reduction a week ago it has been expected that the other mining companies would follow suit.

Charles E. Perkins Dead.

Boston, Nov. 9.—Charles E. Perkins, sixty-seven years old, formerly president of the Chicago, Burlington and Quincy railroad, and one of the leading railroad authorities, is dead at his home in Westwood, a suburb. Mr. Perkins had been a sufferer from Bright's disease for several years.

GENERAL BOOTH'S FAREWELL

Aged Salvation Army Leader Bids Good Bye to America.

New York, Nov. 9.—At a monster open air demonstration in which stereopticon reproductions of various scenes connected with his life and work formed a novel feature, General Booth, founder of the Salvation Army, who is returning to Europe after what will probably be his last American campaign, bade his soldiers in this country and the American people farewell.

General Booth made his final address from the steps of the city hall. He was surrounded by hundreds of uniformed followers. His voice was somewhat husky, showing the strain of his many recent speeches. Thousands of adherents and friends of the Salvation Army, bearing flags and torches, paraded from the army headquarters in Fourteenth street through the East side to City Hall park. When a near approach to order was secured General Booth addressed the assemblage, three megaphones standing before him repeating his words in unison.

At the conclusion of the meeting the salvationist leader and his staff were taken to the steamer St. Louis.

GENERAL BOOTH.

General Booth dictated a farewell address to the people of America, in part as follows:

"Farewell America. You have given me a right generous welcome. On this visit I have seemed to come nearer to the heart of the nation than on any other occasion. Pain would I have stayed longer with you. Indeed, I would have wished that some method might have been invented by which I could have constituted one of your own sons, and so taken a practical step toward the realization that fatherhood of the people must of necessity be the first step to that brotherhood of nations on which so many hearts are set, but I understand this to be impossible without sacrificing my fatherland. Nothing can prevent, however, my living in the spirit of that relationship, and in that spirit I shall think of you and pray for you as I go forward on the path toward which the beckoning finger of duty invites. My visit has been a busy, and I hope, a useful one. It has served, among other things, to reveal to me the fact of the improved understanding as to the object and methods of the army, together with the existence of a higher appreciation of its value and influence."

CONFESSES TO CRIMES.

Printer's Apprentice Admits Stabbing Little Girls in Berlin.

Berlin, Nov. 9.—The series of crimes, resembling the "Jack the Ripper" murders in London in 1888-1889, only that here the victims were little girls instead of women, has been cleared up through the confession of a printer's apprentice, Paul Minow, an epileptic, twenty-two years old, who recently was confined in an asylum for insane at Herzberge. The authorities of the institution were informed that Minow had been talking in a rambling manner of the murders, suspected him of having committed the crimes, and encouraged him to talk, with the result that he freely related in an artless fashion how he had been taunted by his mother and sister with laziness, had gone out into the streets in a rage and had vented his feelings by stabbing four little girls one after the other. He then rambled about the city for awhile and eventually returned home. It does not appear whether the mother and sister of Minow were aware of what he had done, but his mind became so disordered that they sent him to the asylum a week later. The police have confirmed Minow's confession.

Two Men Perish in Fire.

Charleston, W. Va., Nov. 9.—The four-story building occupied by the wholesale grocery firm of Ruffner Bros. has been destroyed by fire, entailing a loss of \$200,000, with insurance of \$100,000. Captain J. J. Foley of the fire department and John Dewey, shipping clerk, were burned to death and several firemen received minor injuries.

TWO YOUTHS MISSING

Believed to Have Perished in a Fire at St. Paul.

MEANS OF ESCAPE CUT OFF

Supposed Victims Were Working on Top Floor of Burned Structure and Could Not Get Out—Property Loss Not Very Heavy.

St. Paul, Nov. 9.—Amid the smoldering ruins of the Northern Cooperage company's warehouse at Concord and Arthur streets, which was destroyed by fire, probably the charred remains of Robert Dielschneider and Arthur Glanders, a seventeen-year-old lad. The two boys were working on the top floor of the doomed structure when the fire broke out, and escape was practically shut off from both the elevators and stairway by the rapid spreading of the flames on the second floor, where the fire originated.

Neither was seen after the fire broke out, nor has either returned home. A vigorous search by the fathers, brothers and friends of the two young men failed to find any trace of them.

The fire, which broke out in some unknown manner on the second floor, completely destroyed the warehouse and its contents, with a total loss of \$35,000, fully covered by insurance.

The large building used as a warehouse and office was totally destroyed only a few charred timbers reaching gauntly upward. The factory proper and the engine room were saved through the heroic efforts of the firemen. A dozen men and boys were caught on the second and third floors of the warehouse and escaped by jumping down the elevator shaft.

WOULD HOLD THE ISLANDS

Congressman McKinney in Favor of Retaining the Philippines.

San Francisco, Nov. 9.—After an extended tour of the Orient, the Philippines and Hawaii, Congressman James McKinney of Illinois returned to this city on the steamer Persia and will proceed East at once.

As a member of the territorial committee, which left here last June, Congressman McKinney visited Honolulu and later the Philippines, where an exhaustive study of conditions was made. According to the congressman we must never entertain any idea of letting the islands go. He said:

"The resources of the islands are unbounded. Great coal, copper and gold deposits have been found and even greater wealth seems in store for the United States in other respects, the immense timber holdings, for instance."

"There is one thing," he added, "that must be done quickly for the Philippines if America would better conditions there, and that is to remove the revenue on sugar and tobacco."

At Honolulu Congressman McKinney declared that shipping conditions should be more encouraged, although prosperity was to be found on all sides. While proceeding to Hong Kong the congressman experienced a terrible typhoon while a passenger on the steamer Kowloon. During his stay in Japan he was shown every courtesy and stated that he had failed to notice any belligerent attitude on the part of the Japanese.

RAISES DISCOUNT RATE.

Imperial Bank of Germany Adopts Protective Measure.

Berlin, Nov. 9.—The discount rate of the Imperial Bank of Germany has been raised from 6½ to 7½ per cent. When it became known among the city banks that the central committee of the Imperial bank had been summoned to meet, there was a tremendous pressure to get paper discounted before the change was made. Representatives of the banks appeared in great numbers at the Imperial bank before the opening hour, only, however, to find a notice posted to the effect that the bank would be closed until a late hour for a general inspection of the premises. This device enabled the committee to mark up the rate before the day's business began.

President Koch, at the meeting of the committee, said the status had improved somewhat during the past week, but not in the measure expected. About 50,000,000 marks in gold had been taken from the bank since Oct. 15. This in itself did not necessitate an advance in the discount rate, but the step was necessary owing to the unfavorable tendency of foreign exchange rates.

Notwithstanding the adoption of the 7½ per cent discount rate, which is the highest in the history of the Imperial bank, the feeling in the market is less excited. The reports from London saying that American bankers were cancelling their orders for gold and that the gold premium in New York had ceased to exist gave considerable reassurance, leading to the hope that the worst is past.

H. F. MICHAEL CO.

Is Not This Wisdom?

Do you realize that there remains but a little over six weeks in which to do your Christmas shopping, that the great worry of the Holiday season and the thing that robs it of much of its pleasure, is the delaying of making purchases until the rush of the last moment? All this is easily obviated. You know now to whom you expect to make gifts and why not begin by selecting what you wish?

We wish you to select early for two reasons and both reasons are decidedly to your advantage. We can give you so much better assortments now, and then if you purchase early you can receive so much better service. It becomes almost impossible to wait upon you as we wish during the last days before Christmas. We are then badly rushed—our salesforce becomes weary during these hard days and all is not satisfactory.

Come in our store and ask our salespeople what they have that will make suitable Christmas Gifts—you'll be pleased with what you see.

GOOD PROGRESS MADE.

Country Becoming Accustomed to Changed Financial Conditions.

New York, Nov. 9.—Bradstreet's review of trade says good progress has been made in accommodating the country to the changed financial conditions; this, too, with strikingly little friction, considering the scarcity of currency and the widespread substitution of credit instruments for actual cash. At the same time the wholesale and jobbing trade has quieted down very perceptibly, and the disposition in industrial lines has been to curtail production wherever possible, the aim being to avoid unnecessary or possible burdensome accumulations of stocks. There is, in fact, a rather more optimistic tone prevailing this week than last, the outgrowth of the business feeling at the East, the large arrivals of gold from Europe and the idea that the basic conditions, both as regards to the purchasing power of people and the absence of large stocks, are better than in some years of stress. There are, it is true, increasing evidences that the level of commodity prices has been forced unreasonably higher and that the process of readjustment will compel numerous revisions. From two sections, the Northwest and South, complaints are numerous that the absence of actual cash prevents the movement of wheat and cotton to market, but the country-wide issuance of bank and corporation checks in small denominations has eased the currency situation greatly.

The Coal That Is Left.

The world still has a considerable supply of coal. Germany is credited with 280,000,000,000 tons, sufficient to last 2,000 years at the present rate of consumption; Great Britain and Ireland claim 193,000,000,000 tons, with an annual consumption about double that of Germany; Belgium has 28,000,000,000 tons, France 19,000,000,000, Australia 17,000,000,000 and Russia 40,000,000,000. North America is believed to have 61,000,000,000 tons—more than the total of the other countries named. It is the tremendous increase in the use of coal that justifies alarm, for while the supply of the United States would last 4,000 years at the rate of consumption in 1905, it will be exhausted within a century at the rate of increase of the last ninety years continues. No estimate of the coal of other parts of the world can be made, but Asia has an enormous store.

Be Sure

Do not trust too much to your own judgment in medical matters. Consult your doctor frequently. He knows best.

Hard colds, hard coughs, severe bronchitis, weak throats, weak lungs. We wish you would ask your doctor if he knows of anything better for these troubles than Ayer's Cherry Pectoral. We believe it is the best medicine you could possibly take. But ask your doctor, and thus be sure to make no mistake. J. C. Ayer & Co., Lowell, Mass.

LUKEN'S BIG STORE

SECTION OF OUR CROCKERY DEPARTMENT.

This week will be a week long to be remembered by bargain seekers that visit our store. You owe to yourself to make an exceptional effort to visit our store this week. You can obtain staple articles such as you all know the value of, at greatly reduced prices. Crockery, Glass, Tin and Hardware. Thousand of different articles on our 5 and 10c counters.

You must not forget to shake the bottle well before taking Skauge's Never Cough. It will not be necessary to shake yourself any longer coughing. It is truly a wonderful medicine for the chest and lungs. Made, sold and guaranteed by Druggist Skauge, Laurel street. 132tf

School Report

The following is the report of the school in District No. 13 for the month ending Oct. 25, 1907:

No. scholars enrolled.....42
Average daily attendance.....34

Those present every day: Bretha and Katie Engelke, Dena Koering, Arthur and Ella Kunde, Ida Reid and Martha and Otila Hohansee.

Those absent only one day, Gideon and Philip Cossette, Cora Engelke, Melvin Flansburg, Bertha and Minnie Jordan, Florence Kerl, Herman Koering, Marion and Wilfred Magnon and Arthur Reid.

MARGARET HOERNER,
Teacher.

A Significant Prayer

"May the Lord help you make Bucklen's Arnica salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. It quickly took the pair out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at H. P. Dunn's drug store. t-t-s

The Salt Sea.

Children's answers are always a fruitful source of amusement. A girl fifteen or sixteen years old who had received what was supposed to be a good education was describing to me her recent visit to the Tower of London. Among the many wonders she had seen was a sword given to Henry VIII. by Max Muller, an amusing though not altogether unnatural substitute for the Emperor Maximilian. If children are allowed to think for themselves their answers are amusingly original. "What do you think makes the sea salt?" was a question put to a national school class. A brilliant idea struck a boy. "Please, sir, the 'errings.'"—Cornhill Magazine.

TRIAL OF NUNZIO NASI.

Accompanied by Several Exciting Incidents.

Rome, Nov. 9.—The continuation of the trial of Nunzio Nasi, former minister of public instruction, on a charge of falsifying documents and defrauding the state treasury, was accompanied by several exciting incidents, especially during the interrogation of Signor Cicotte, a former Socialist deputy, who at the time of Nasi's incumbency was a college professor. The trial is being held before the senate, sitting as a high court. Cicotte was finally expelled from the hall by the ushers on account of the intemperance of his language. The interrogation of Deputy Saporito, who conducted the first investigation against the accused, brought out a sharp clash between him and Nasi in which the mutual hatred of the two Sicilians was revealed. Saporito declared he believed Nasi to be implicated in the murder of his brother, and Nasi profited by this circumstance to strengthen his defense.

ELEVATORS AGAIN

BUYING WHEAT

City Money Market Relieved and Brainerd Elevators Resume Buying Wheat

HAVE BEEN STORING WHEAT

Local Agents of Out Side Co.'s Have Been Storing Wheat and Giving Receipts

The only way in which Brainerd has in any way felt the stringency of the money market in the least has been in the matter of buying grain. The local elevator men are agents simply for line elevators and all funds used in handling the crops have come from the headquarters of the elevator companies. Acting under instructions from them the agents have not been buying wheat for the past fortnight or thereabouts, but have been taking it in and storing it, giving the farmers storage receipts. This morning the local agents received word to again resume buying and it is expected that there will be quite a rush. As it is there has been considerable brought in and stored, which will probably now be sold and shipped and its value added to the money in circulation.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh, being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

ARRESTED HERE FOR BIGAMY

Charles Hubbard Arrested at His Home in This City on Warrant From Little Falls

HE HAS TWO WIVES LIVING

Both Wives Have Left Him Because of His Cruelty to Them it is Reported

The deputy sheriff of Morrison county arrested Charles Hubbard in this city late yesterday on a warrant charging him with bigamy. Hubbard came here about three months ago with a girl-wife aged fifteen whom he married in Little Falls last spring. They quarreled continually, the police having been called in several times to restore order. About a week ago they had another quarrel and the girl left, threatening to commit suicide by throwing herself into the river. She was found, however, by her mother who came up from Little Falls, about two miles from the city. She took her things and went to the home of her mother in Little Falls, where she now is. The deputy sheriff came up yesterday afternoon and arrested Hubbard on statutory charges. According to the story told, he had married a girl in Wisconsin several years ago and he was so cruel to her that she left and returned to her parents. No divorce was ever secured and he married the girl in Little Falls. It was on the complaint of the latter that he was arrested. When taken he was batching it with the brother of the girl making the complaint. The brother went with his pseudo brother-in-law and the officer to Little Falls.

He Fought at Gettysburg

David Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take \$500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alternative and body builder; best of all for lame back and weak kidneys. Guaranteed by H. P. Dunn, druggist. 50c.

Gold is nearly twice as heavy as silver; thus a cubic foot of the former weighs 1,210 pounds and the same quantity of the latter 655 pounds.

MUSIC AND DRAMA

Coming Attractions

Soon—Alice in Wonderland.
Nov. 9—Midland Concert Company.
Nov. 21.—The Land of Nod.
Nov. 30.—Adelaide Thurston.

Midland Concert Company

This evening the Midland Concert company presents the second entertainment in the Y. M. C. A. lyceum course. The company consists of Fredricka Gebhardt, contralto; Rachael Steinman, violiniste; Olga M. Miller, reader and May Dellen, mezzo and accompanist. They are not only all artists, but according to all accounts they are all very pretty. The Moline, Ill., Evening Mail says of them: "The Midland Concert company came to Moline highly recommended and they sustained their reputation here. The vocalist in the rendition of her two selections made quite an impression. She has a sweet voice and one that appeals to an audience. The reader drew her share of applause. The hit of the evening was the violiniste, who was loudly applauded at the conclusion of her first selection. She then won her way into the hearts of the people when she played 'My Old Kentucky Home.' She held the audience spellbound."

"Bijou"

The headliner at the Bijou for tonight is "The Vagabond." This picture has been the reigning sensation in all the eastern cities for the past month, a drama true to life, pathetic in the extreme, and intensely interesting.

At The "Unique"

"In Seville," the headliner at the Unique tonight is easily one of the finest films ever shown in this city. The portrayal of the scenes of Holy Week is very interesting. "The Burglar and the Cat" is a blending of the touching and the amusing, while "After the Fancy Dress Ball," and "The Cheaters Cheated" is very comical.

"The Land of Nod"

"The Land of Nod" with its massive and beautiful stage effects, and presented by a large organization of comedians, singers and dancers, will be the attraction at the Brainerd opera house, Nov. 21. This delightful extravaganza furnishes entertainment of the kind which most people thoroughly enjoy. It is full of bright comedy which creates hearty laughter. Its music, of which there is an abundance, is of the spirited, popular kind, and it is all performed by the same clever people who have been identified with the extraor-

A GOOD SUIT

To desire a real good, tasty, refined suit of clothes is not a sign of weakness.

Rather it is an indication of personal pride and character.

A well groomed man evokes favorable comment always, and human nature is just vain enough to like it.

Our Fall and Winter Suits inspire confidence because they are correct. They are cut correctly, tailored perfectly and fit accurately—with no room left for improvement.

FARM, HOME AND GARDEN

inary success of the production during the two years of its conspicuous prosperity and its present New York run. Among those may be mentioned Knox Wilson, Wm. Friend, Lawrence Coover, Bessie Clifford, Helen Darling and Ursula March. The famous "Beauty Chorus" numbering seventy-four remains the same in almost every individual instance. The scenery, costumes and other effects are on a scale of rare splendor, and the production as a whole is altogether praiseworthy.

Will Give Amateur Play

Two hundred children and grown ups will take part in the home talent production of "Alice in Wonderland," to be given at the Brainerd opera house, under the auspices of the Ladies' Aid of the First Congregational church. Col. John F. Bragg, of New York, was in the city today and concluded arrangements for the presentation, the work of selecting the talent to begin at once. Some pretty little ten-year-old miss will be selected to play the part of Alice, the girl who wandered through the wonderland in Lewis Carroll's delightful book. Then there will be two hundred and fifty other children, all in pretty costume, the leading parts being Alice, King Ruler of Wonderland, Queen of Hearts, Duchess, Cook, Queen of the Fairies, Mad Hatter, March Hare, Doormouse and Knave of Hearts, to say nothing of fairies. Assistants will arrive soon to begin the work of training the participants.

According to the American Farmer

the biggest tomato patch in the United States, if not in the world, is in Clark county, Missouri, just south of the Des Moines, river. In this patch are 170 acres of tomatoes and it is exactly one mile in length and about one-third of a mile in width. The rows, if stretched out in a straight line, would extend for almost 100 miles.

Cows wearing smoked glasses are to be seen in the interior of Russia, where great tracts are covered with snow for six months in the year. The cows, otherwise, become afflicted with snow blindness, while searching for fine grass under the snow.

A big jar of vaseline should be in every household, especially on the farm. Not a little box but a pound can. It can be purchased much cheaper in that way and is good for many uses. Nowadays vaseline is the basis of nearly all the salves and ointments on the market. A little carbolie acid worked thoroughly into vaseline with a pliable knife, will make a carbolisave equal to what one will buy for several times the cost. With a little bergamot or other perfume worked in in the same way it also makes a good pomade for the hair and is much more pleasant for use on the face or hands, though that contain-

ing carbolie acid is more healing. A teaspoonful of carbolie acid in half a dozen tablespoonsful of vaseline will be found about the right strength.

Dairy Notes

Experiments made by German scientists show that butter keeps best when preserved with from 3 to 5 per cent of salt. If the proportion is higher than that, the results are less satisfactory.

To obtain butter of delicate flavor and of good keeping quality, churning must be stopped when the granules of butter are about the size of clover seeds. If larger granules are allowed to form, more casein and water will be retained in the butter, and its keeping quality thereby impaired.

Denmark dairymen have for some time been using lime for cleansipp purposes, against the old-time custom of steaming all wooden articles used in buttermaking. They first scrub the barrels, tubs, churns, etc., in hot water and while the surface is yet warm, they apply with a brush a generous coating of thick lime wash. The lime enters the pores of the wood, purifying, making it firm and sweet, removing all grease and sour smell from the utensils, when it is finally washed off with a second bath of hot water.

DR. REA

SPECIALIST

Ear, Nose, Throat, Lungs, Diseases of Men, Diseases of Women, Chronic Diseases.

Consultation in German, French and English

Next Regular Professional Visit to Brainerd at Fansford Hotel

Wednesday, Dec. 4th
From 9 a. m. until 2 p. m.

Dr. Rea has had 15 years of actual experience in the treatment and cure of all curable medical and surgical diseases of the Eye, Ear, Nose and Throat, Lung Diseases, Early Consumption, Bronchitis, Catarrh, Constitutional Catarrh, Nasal Catarrh, Dyspepsia, Sick Headache, Stomach and Bowel Troubles, Appendicitis, Rheumatism, Neuritis, Sciatica, Bright's Disease, Diabetes, Kidney, Liver, Bladder, Troubles, Prostatic and Female Diseases, Dizziness, Nervousness, Indigestion, Obesity, Interrupted Nutrition, Slow Growth in Children, and all wasting diseases in Adults. Many cases of Deafness, Ringing in the Ears, Loss of Eyesight, Cataract, Cross Eyes, etc., that have been improperly treated can be easily restored. Deformities, Club Feet, Curvature of Spine, Disease of the Brain, Paralysis, Heart Disease, Dropsy, Swelling of the Limbs, Open Sores, Pain in the Bones, Granular Enlargements, and all long standing diseases properly treated. Failing Memory, weak eyes, stunted development, impoverished blood, pimples, blood and skin diseases, Eruptions, Hair Falling, Swelling Sore Throat, Ulcers, Weak back, burning Urine passing urine to often, etc., receive searching treatment as experienced in the line of modern medicine, and as adopted by America's most eminent specialist.

Dr. Rea & Co.
202 Nicollet Ave., Minneapolis, Minn.

A very modern architect predicts the house of one large room, a small electric kitchen attached and an enormous inclosed porch with facilities for outdoor sleeping. Whether housekeepers in general will care for his scheme or not is a question, but it is undoubtedly true that the comparatively small kitchen, the big porch and the generous living room have come to stay.—House Beautiful.

A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and open to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them remedies of known composition.

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the fullest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, biliousness or biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents, and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Quaw-weed." Our knowledge of the uses of not a few of our most valuable native medicinal plants was gained from the Indians. As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, and retention, and the various other painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

DEMANDS FOR MONEY

New York Banks Doing All They Can to Meet Them.

SEND FUNDS TO THE WEST

Legitimate Calls for Currency Being Met by Financial Institutions of the Metropolis—Cotton Movement Seriously Checked.

New York, Nov. 9.—The leading New York banks are exerting themselves actively to meet the demands of their country correspondents and depositors for currency. They declare that the suggestions made from several Western sources that they are not meeting legitimate demands for currency from the West are entirely unfounded and that they are, on the contrary, taking every practicable measure to aid the West and South. One of these large banks, with several thousand correspondents, has depleted its reserve by about a quarter during the past few weeks to supply currency where it is most needed and has made large shipments to banks in Southern points. The country banks have been allowed to draw down their balances to a point which affords in many cases hardly more than enough to meet the drafts sold in the ordinary course of business. They have brought paper for rediscount to their New York correspondents in large amounts and the principal difficulty of the New York banks has come from the demand for currency to be shipped against the balance created by these rediscounts.

As the rediscounts have been in the nature of an accommodation and have not brought a cent of currency to the discounting banks, they do not feel that they should be called upon to supply currency in large amounts under these conditions. The best possible judgment is used in meeting these country demands for currency. Special Favors Shown.

It is not unusual except in special cases to ship all that is asked, but a portion of what is asked ranging around one-half is usually sent, the proportion varying according to the cash strength of the bank calling for additional currency or the supply demanded for legitimate purposes. Special favors are shown to the small interior banks where there is no clearing house, because it is realized that they are not in a position to count upon co-operation and the use of clearing house certificates, as in the case of communities having a number of strong institutions.

It is admitted that the cotton movement is seriously checked by the lack of small bills and silver to pay the small growers, and by the inability of the Southern banks to handle the immense volume of business accumulated at Southern points. The grain shipments are in better shape, owing to the gold secured by the banks of Minneapolis and St. Paul and arrangements for paying cash in New York on grain bills. The New York banks feel bound to retain a certain portion of reserve to guard against possible contingency, because they fulfill in substance the function which is fulfilled in London by the Bank of England and in Paris by the Bank of France as the ultimate resource in emergency.

The aid which is being rendered to the situation is indicated by the fact that the total engagements of gold have now reached \$40,000,000. The total was materially increased by the announcement of several purchases which had not heretofore been made public. Of the amount engaged the sum of \$21,311,000 has already arrived, including \$12,361,150 which was brought over by the Lusitania. This gold will afford the basis of nearly \$200,000,000 in loans and will materially assist the New York banks in their efforts to meet the pressure for currency throughout the country.

Banks Are Doing Their Best.

The fact that practically \$60,000,000 in currency disappeared from the New York banks within a week, as indicated by the last bank statement, is considered sufficient evidence that the New York banks are doing their best to meet the demand upon them. The total drain of last week is computed upon the basis of an actual loss in cash of about \$20,000,000 in face of the fact that \$30,000,000 of public funds had been poured into New York banks. It is not possible to determine what proportion of this \$60,000,000 went West and what proportion went into hoards in New York. It is estimated in some quarters that about half of the amount was shipped to Western banks, but other bankers put the proportion somewhat lower, leaving the balance to be accounted for by hoarding.

That New York banks are doing their best to meet the situation was tersely put by a prominent bank official when he said that New York had convulsed all the principal money markets of Europe and forced their discount rates to points higher than they have reached in some cases in a generation, in order to obtain the gold to sustain credit in this country. The treasury has nominally an available cash balance of a little less than \$17,000,000, but this does not indicate the actual cash in the general treasury fund. The amount of cash on hand Thursday was \$119,233,639, but against this are charged a number of demand liabilities like outstanding checks, the national note redemption fund and balances of disbursing offices. The latter item alone stood for \$68,206,397, but it has been materially reduced by skillful bookkeeping at the treasury in order to release cash without creating an apparent deficit. The amount of disbursing officers' balances as recently as Oct. 30 was \$76,087,006, and the reduction in the amount may be considered as having been transferred to the general fund for use in the financial emergency.

One of the measures which has been a subject of consultation between Secretary Cortelyou and leading bankers here has been the sale of a block of Panama construction bonds. The manner in which this would benefit the market would be by enabling bonds to be used as a basis for national bank note circulation.

ENTHUSIASTIC RECEPTION.
Given Andrew Carnegie at Princeton University.

Princeton, N. J., Nov. 9.—Andrew Carnegie was given an enthusiastic reception in the gymnasium of Princeton university when he presented to the winning crew of the inter-class rowing regatta the silver cup given by himself and Mrs. Carnegie. The donor of the new lake was loudly cheered in appreciation of his gift to Princeton. This lake was constructed at a cost of \$40,000 and makes rowing possible at the university.

In the main event of the regatta the four class crews raced neck and neck for two miles, the sophomores winning by half a length. The juniors finished second, the seniors third and freshmen fourth.

HUNDREDS HERE ARE RELIEVED

Tremendous Popularity of the Home "Vegetable Prescription"

LOCAL DRUGGISTS BUSY

No Sufferer of Kidney Trouble or Rheumatism Should Leave it Untried

That the readers of this paper appreciate advice when given in good faith is plainly demonstrated by the fact that one well-known local pharmacy filled the "vegetable prescription" many times within the past two weeks. Most of these folks naturally bought the ingredients only and mixed them at home. The announcement of this simple, harmless mixture has certainly accomplished much in reducing the great many cases of kidney complaint and rheumatism here, relieving pain and misery, especially among the older population, who are always suffering more or less with bladder and urinary troubles, backache and particularly rheumatism.

Another well-known druggist asks us to continue the announcement of the prescription. It is doing so much real good here, he continues, that it would be a crime not to do so. It can not be repeated too often, and further states many cases of remarkable cures wrought.

The following is the prescription, of simple ingredients, making a harmless, inexpensive compound, which any person can prepare by shaking well in a bottle: Fluid Extract of Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Any first-class drug store will sell this small amount of each ingredient, and the dose for adults is one teaspoonful to be taken after each meal and again at bedtime. There is enough here to last for one week, if taken according to directions. Good results will be apparent from the first few doses.

TEXAS WOMAN SLAIN.

Husband Murdered Her in a Fit of Jealousy.

Houston, Tex., Nov. 9.—Searching the house for a misplaced toy, the eight-year-old daughter of Mathews W. Anderson, a railroad clerk, found the dead body of her mother in the kitchen of her home in Houston Heights, her head being almost severed. The woman met death at the hands of her husband because, so a note from him alleged, she was unfaithful.

The unsigned note of the husband declares that, returning home earlier than usual, he found another man in his home, and this being the second such occurrence, he felt obliged to wreak vengeance on his wife. Anderson has disappeared.

HURRICANE IN FRANCE.

Kills Several People and Causes Heavy Property Loss.

Marseilles, Nov. 9.—A hurricane that swept over this city caused immense damage to docks and to water front property. The gas works were flooded by the terrific downpour that accompanied the storm and the city was plunged into darkness. A number of people were killed by collapsing houses, but in the confusion and darkness it is impossible to determine the extent of the casualties.

The whole of Southern France continues to suffer from the floods following the excessive rains. The extensive coal mines at Graissessac have been flooded and all work has been suspended.

Where to Worship

Parties interested will please bear in mind that notices must be in this Dispatch office by 5:30 p. m. Friday evening to insure insertion Saturday. This is necessary to permit copy to be ready for printer Saturday morning.

St. Francis' Catholic church: Service will be held at 8:30 a. m. and 10:30 a. m. Sunday school at 2 o'clock p. m., vespers and benediction 8 o'clock p. m., mass on week days 7:30 a. m., except on Tuesdays and Saturdays, when mass is at St. Joseph's hospital. Rev. J. J. O'Mahoney, pastor.

Swedish Lutheran church: Morning service at 10:30; Sunday school at 12 a. m. Evening services 7:45 p. m. Rev. J. E. Oslund, pastor.

Christian Scientists: Services every Sunday at 10:45 a. m., in the Cal hall, 620 1/2 Front street. No evening services. All are welcome. Sunday school at 11:45 a. m.

Swedish Mission church, Cor. Maple and Ninth street south: Morning service at 10:45 a. m.; evening service at 7:45 p. m., Sunday school noon. Mid-week service on Thursday evening at 8 p. m. Rev. C. V. S. Engstrom, pastor.

Norwegian Lutheran church, 7th St. south, between Laurel and Maple streets: Services at 10:30 in the morning and at 7:30 in the evening. Sunday school at 12 m. Sunday school in both the Norwegian and English languages.

First Baptist church: Morning service at 10:30, Sunday school at 12:00 m. Junior society at 3 p. m. Young Peoples' society at 7:00 p. m. Evening service at 8:00. Everyone invited to every service. Strangers always made welcome. Rev. J. E. Abramson, pastor.

First Congregational church, corner Juniper and Fifth streets: Public worship at 10:30 a. m., and 7:30 p. m. Sunday school 12. Young Peoples' Society at 6:30 p. m. Prayer meeting and bible study Thursday, 8:00 p. m.

People's Congregational church: Preaching 10:30 a. m., Sunday school 12 o'clock, noon, Y. P. S. C. E. at 6:30 p. m. Evening service at 7:30 p. m. Tuesdays at 8 p. m., the normal class meets with the pastor. Thursday evening—Junior Endeavor 4:30 o'clock, Prayer meeting 7:30 o'clock. Everybody cordially invited. Rev. J. E. Berry, pastor.

Morning subject, "The Man who Tried to Run Away from God." Evening subject, "Real Religion."

Evangelical church: Sunday school at 10 a. m., morning service at 11 a. m., Y. P. A. at 6:45 p. m. Evening service 7:45. A cordial invitation is extended to all. Strangers especially welcome. H. A. Seder, pastor.

The special services at the Evangelical church will be closed with the Sunday evening services.

First Methodist Episcopal church, corner of Juniper and Sixth streets. Morning service at 10:30, Sunday school at 12. Epworth League 7:00 p. m. Evening service at 8:00 o'clock. Rev. Charles Fox Davis, pastor.

Rev. Wm. Mackenzie, of Randall, will occupy the pulpit both morning and evening. Special music by the choir at both services. A hearty invitation is extended to all.

Swedish M. E. church: Kindred St. N. E. Services every Sunday at 10:45. Sunday school at noon every Sunday. Rev. Oscar Gregfberg, pastor.

Swedish Baptist church: Morning service at 10:30, Sunday school at noon. Young Peoples' Society meeting 5:00, evening service 7:30. Rev. A. S. Jacobson, pastor. Everybody invited.

Presbyterian church: Morning services at 10:30. Sunday school at 11:50. Junior at 3 p. m. Christian Endeavor at 6:30. Evening service at 7:30 o'clock. Prayer meeting Thursday evening at 8:00. All are always welcome. Rev. J. F. McLeod, pastor.

Morning subject, "The Sword in the Garden." Evening subject, "Another Chance."

Norwegian-Danish Lutheran church, near corner 10th and E. Oak streets: Morning services at 10:0. Sunday school at 9:30. Rev. C. Hougstad, pastor.

Morning service as usual. At 7:30 in the evening the pastor will give a short lecture on the subject, "Why I Believe the Bible is the Word of God."

St. Paul's Episcopal church. Holy communion 8:30 a. m., except first Sunday in each month. Then 10:30 a. m. Morning prayer, litany and sermon at 10:30 a. m., Sunday School at noon. Evening prayer and sermon 7:30 p. m.

A Hard Debt to Pay

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous hacking quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equalled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by H. P. Dunn, druggist. 50c and \$1.00. Trial bottle free. t-t-s

Rattles of the Rattles.

The rattles of the rattlesnake lie edgewise. It is evident that they must do so, inasmuch as they are but continuations of the backbone. The snake carries the rattles on the ground except when he raises them to sound his warning. This is evidenced by the fact that in every snake of any size that is killed the rattles are worn through on the under side.—Forest and Stream.

CHOATE CHOSEN PRESIDENT

Elected Head of the National Civil Service Reform League.

Buffalo, N. Y., Nov. 9.—The twenty-seventh annual meeting of the National Civil Service Reform league has practically ended. A brief informal session will be held, after which the delegates will visit Niagara Falls. Joseph H. Choate was elected president and resolutions were adopted commending President Roosevelt for "determined and effective enforcement of civil service laws and rules," and expressing satisfaction that congress gives evidence of stronger support of the principles of the merit system.

The resolutions urge congress to take further steps to relieve its members entirely from the "unprofitable

JOSEPH H. CHOATE.

labor of distributing patronage," and urges the president and congress to provide for competitive classification of assistant postmasters, pension examining surgeons and fourth-class postmasters; also to provide that all other postmasters and all collectors of customs and internal revenue shall be appointed by promotion, thereby abolishing the present practice of appointing inexperienced persons.

At the annual banquet the principal speakers were Richard Watson Gilder of New York, Attorney General Bonaparte and William Dudley Foulke.

Hill Will Succeed Tower.

Washington, Nov. 9.—Secretary Root has announced that David Jayne Hill, American minister to The Netherlands and a former assistant secretary of state, will be named as ambassador to Berlin to succeed Mr. Tower, who is about to retire on account of ill health.

First Self-Propelling Coach.

Chicago, Nov. 9.—A self-propelling steam passenger coach, the first to be operated in the United States, is to be put in service next week on a branch of the Chicago, Rock Island and Pacific railroad.

Kidney Troubles

FROM THE LIVER.

In his study of kidney disease, Dr. A. W. Chase, the famous Receipt Book author, found that 90 per cent. of the cases arose as a direct result of liver and bowel disorders, and working on this idea led to the discovery of his celebrated Kidney and Liver Pills, the only Kidney medicine having a combined action on liver and bowels as well.

By this unique action, cure the most complicated diseases of the kidneys when ordinary medicines fail. They also prevent kidney disease by curing liver complaint, biliousness and constipation. Try them when the back aches or there are rheumatic pains, or deposits in the urine. One pill a dose, 25 cts. a box, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

Dr. A. W. Chase's Kidney and Liver Pills

Mrs. Mary Jones, 831 East 2nd St., Mt. Vernon, Ind., states:

"I formerly suffered from kidney trouble and severe pains in the back. Dr. A. W. Chase's Kidney and Liver Pills effected a thorough and lasting cure, and I consider them a splendid medicine."
